### **ATR on Employer feedback on Curriculum**

<b>Feedback given</b>	<b>Action taken</b>
Practicals exposure to students can be adopted according to latest happening in field of life science along with field visits	1. Regular field trips are organized to institutions that include Indian Immunologicals Ltd., GMERF, Yashoda Hospital Secunderabad, Crown Beers India Pvt. Ltd, AB InBev & AB InBev Charminar Breweries, Sanga Reddy, Telangana, and CCMB
Students are lacking perfection in basic concepts. Hence brushing up the concepts makes them more confident in the interview. Apart from this speaking skills must be developed	1. Revision and Remedial classes are organized for slow learners 2. CGPC of the college conduct courses regularly on Aptitude and communication skills
We would request if the students can be trained on few professional behaviours prior to interviews.	1. Soft skills training classes are organized by CGPC to students before placement
Some industrial or research institutes collaboration is required for better exposure to students.	1. College has 35 MoU's with Industries and Institutes like IICT, Institute of Genetics, S Mushroom, NSIC, Clinovo Research labs etc. Every year different activities like Workshops, hands on training, internships, value added Courses, SEC etc are organized with collaborating institutes
Increase industry based workshops, guest lectures and have the companies on the placement cell too	1. Microsoft Office Specialist Course with Microsoft Certification provided for Mcom students as a part of Curriculum 2. Hands on training in pharmaceutical basics and analytical techniques in collaboration with Pharma Pathashala, training on molecular techniques in collaboration with Global medical education and research foundation, Mushroom cultivation at S Mushroom Agritech,

Excellent. Please keep it up.	NA
Education, Ethics and Discipline is very Good in our college	NA
It is good in every aspect.	NA
Everything is fine	NA
There should be more practical oriented teaching than theory oriented. This helps one in getting prepared for outer world once graduation completes	<ol style="list-style-type: none"> <li>1. Lab on Business analytics introduced in the curriculum of BBA honors for practical orientation</li> <li>2. Research projects were introduced as part of curriculum to get experiential learning and problem solving ability</li> <li>3. Tally for First Years is being provided to enhance Practical orientation and advanced technology</li> <li>3. Psychology practical is introduced</li> </ol>
Infrastructure facilities can be little improved to meet to the requirements	<ol style="list-style-type: none"> <li>1. 70 Desktops were added to the existing systems in the college this academic year 2023-24.</li> <li>2. Highend UV-VIS spectrophotometer and PCR were purchased for Life sciences</li> </ol>
The curriculum has been set up to balance with the current and future needs of the students. I think this has to be keep going forward.	NA
