Bhavan's Institution Innovation Council

T – HUB Field Visit Report

Date: 27th January, 2023

Bhavan's Institution Innovation Council in association with Career Guidance and Placement cell had organized a T- Hub visit for the final year students of BBA, BCA, BA, BSC, BCOM, MBA all streams on 27th January, 2023. The students started from the college at 08:00 am and reached T-Hub by 9:30am. The T-Hub Phase 2 was located near Inorbit mall, Madhapur. The T-Hub provides Indian and international startups access to technology, talent, mentors, customers, corporates, investors, and government agencies. T-Hub also helps state and central government organizations build innovation ecosystems. Telangana Chief Minister K Chandrashekar Rao on 28th June inaugurated T-Hub 2.0, the world's largest innovation campus in Hyderabad.

The entire session was organized by the management of Bhavans Vivekananda degree college in the presence of faculty Ms. V. Ashwini, Ms. Seema Ghosh, Ms. Sreemathi and Ms. Sree devi. The session commenced at 10:30am and was concluded at 4:30pm.

The session started with the presentation about T-Hub and all about how it works. The presentations included the entrepreneur's early life introduction, the initiation of an innovative idea which turned into a successful business, it's benefits to the society, the challenges faced and the awards and recognitions gained.

All in all the session was quite informative and provided insights into the lives of various entrepreneurs which inspired the audience to learn from their ventures and bring out innovations for the benefit of the society. As students of Bhavans Vivekananda Degree college, the exposure to the entrepreneurial world only helped expand the knowledge base and provided important lessons on how one can begin a new venture from the scratch. The students expressed their

hearty gratitude to the Department of Management Studies for providing them the opportunity to visit the T- hub and also hone their overall research and public speaking skills.
