He started the session by thanking the principal and the college for inviting him and expressed his interest, and enthusiasm in addressing the young entrepreneurs who were eagerly waiting to listen to him. He started off by interacting with the participants about entrepreneurship. It was a very lively, interactive, and fruitful session where Mr. Sarfraz spoke about how to become a successful entrepreneur and the skills, behaviour, and attitude needed for it. He guided the participants in various aspects of entrepreneurship, and how communication skills, and creativity in finding solutions is the key for a successful entrepreneur. Also, he spoke about the ideal behaviour needed to become a successful entrepreneur, which included a positive mindset and being hardworking. Lastly, he emphasized on the kind of attitude one should possess to become a successful entrepreneur, which is, to start a small or big start-up which will automatically inculcate the required skills, behaviour, and attitude in the person. It was indeed a very enriching session, where all the participants had many takeaways.

Following this, we had the question-and-answer session, where many participants came up with questions for which the speaker, Mr. Sarfraz, patiently answered.
